

Gunite 3600A[®] Brake Drum

Made in the USA

Recognized market leader for
OEM first-fit performance and quality

Gunite 3600A® is the recognized market leader in brake drums.

Gunite offers the industry's only brake drums that are 100% cast and machined by one U.S. company in one location. In addition, as a leader in wheel-end technology, it's no surprise the Gunite 3600A® brake drum is valued for its quality and performance. Gunite's industry-leading quality and performance can be attributed to our continued investment in world class manufacturing equipment, Lean processes and, of course, our team members. This translates to a more consistent part-to-part performance for the end customer. Independent testing clearly shows that the 3600A® has 15% longer life than the primary North American competitor. Gunite's 3600A® has been tested and approved using the popular industry Reduced Stopping Distance (RSD) linings. The very same drum is also available in the aftermarket. For best performance and lowest overall life cycle costs, always install the Gunite 3600A® brake drum.

Features	Benefits
Popular 16.5 x 7 size	OEM quality available in the aftermarket for the most popular brake size
Factory balanced to 20 in-oz ("X" version)	Improved drivability with reduced noise, vibration, and harshness (NVH) characteristics
Rated to 26,000 lbs. GAWR	Coverage for all axles in standard Class 8 applications
RSD approved	Confidence in maintaining OEM brake performance
Made in the USA	Proven Gunite Quality and performance, consistency you can count on to reach your destination safely
